To Whom It May Concern

I am writing to express my firm endorsement of **Vegan Outreach, India**, and its remarkable initiatives in championing a plant-based way of life while fostering empathy towards animals. Their recent webinar conducted for the **National Service Scheme (NSS)** units at our institution, **Tolani College of Arts & Science- Adipur**, provided an in-depth and illuminating exploration of the ethical, environmental, and health dimensions associated with embracing a plant-based diet.

Vegan Outreach, India, stands out through its unwavering professionalism, profound expertise, and unwavering commitment, making it an exceptional choice for orchestrating events of this nature. Their knowledgeable presenter **Miss Nija Dhillon** left an enduring and profound impact.

We, at Tolani College of Arts & Science Adipur, enthusiastically endorse Vegan Outreach, India's mission to raise awareness about veganism and its constructive societal influence. Our collaboration on this webinar perfectly aligns with the core principles of our institution, equipping our NSS units with knowledge that empowers them to contribute to a more sustainable ecosystem and compassionate society actively.

We eagerly anticipate the prospect of further collaborations with Vegan Outreach, India. Such partnerships play a vital role in nurturing responsible, environmentally conscious citizens who have the potential to drive positive change in our society.

Sincerely,

NSS Program Officer
